

Sponsor Benefits

Help Accelerate Innovation in Higher Education -- Become a WCET Sponsor

Since 1989, the WICHE Cooperative for Educational Technologies (WCET) has helped colleges and institutions implement innovative technology-based programs and practices that extend the campus and open pathways to degrees and relevant credentials. Our growing membership includes more than 350 institutions, state, and system-wide higher education agencies, and corporations in nearly all U.S. states and many Canadian provinces. WCET member institutions actively serve more than 4 million college students taking all or part of their academic programs via technology.

Be a Part of Transforming Higher Education

With state funding decisions and academic policies focusing on institutional performance, accrediting bodies keying in on learning outcomes, and employers demanding a skilled workforce, technology-enhanced learning is becoming increasingly more important.

WCET connects you with leaders, decision-makers, and early adopters in our community of technology-enhanced teaching and learning in higher education. Sponsorship provides opportunities to support the WCET community, while helping you achieve your objectives, providing valuable visibility for your brand, and producing a significant return on your investment.

Choose Your Sponsorship Level

WCET Sponsors underwrite WCET's many activities that help members connect, learn, and advance educational technology excellence. Sponsors receive generous benefits for a full 12 months including opportunities to present during WCET events, direct contact with members, attendee lists, complimentary registrations, logo placement on marketing messages, and much more. Visit wcet.wiche.edu/sponsorship for complete details.

Become a WCET Sponsor Today

Current WCET members receive a 10 percent discount on sponsorship. If you are not already a member, we invite you to join today and maximize your benefits as part of WCET.
