USED Offers Flexibility When Enrollment Status Changes

March 26, 2020

Issue
The amount of Title IV financial aid a student receives depends on whether the student is full-time or part-time. If a full-time student switches to part-time enrollment, her Title IV financial aid may decrease. USED has reminded students that there is some flexibility on this issue. But because this issue is quite complicated, we refer our readers to the National Association of Student Financial Aid Administrators landing page on this topic. NASFAA also addressed potential flexibility on this issue in a March 5 blog post. We at WCET are grateful to NASFAA these resources.
